Groundbreaking set for bridge over 101 Freeway, billed as world's largest wildlife crossing

March 25, 2022

LOS ANGELES -- Groundbreaking is set for next month on what's billed as the world's largest wildlife crossing - a bridge over a major Southern California highway that will provide more room to roam for mountain lions and other animals hemmed in by urban sprawl.

A ceremony marking the start of construction for the span over U.S. 101 near Los Angeles will take place on Earth Day, April 22, the National Wildlife Federation announced Thursday.
